

## Write “Notes of Inspiration” Wish students “Good Luck” in school

To make our kits more special we include a handwritten note designed to inspire and engage the child. When you write a note of encouragement, be as colorful as you want. Use stickers, crayons or markers to create your work of art. “Notes of Inspiration” can be as simple or complex as you want. We also ask you to sign the note with your first name, to make it a little more personal.

Please remember to be mindful of the age of the child receiving the kit so the message is age-appropriate. (Don’t write a note for a high school student that will end up in an elementary kit).

While we want to encourage your creativity, here are several sample ideas for some simple messages.

- *Good luck in school this year!*
- *I hope you love your new school supplies and have a great year in school.*
- *Remember to work hard and always do your homework but also remember to meet new people, have fun and learn.*
- *There are no limits to what you can learn. I hope these school supplies help you achieve success both in and out of the classroom.*
- *Make the most of your time in school. Do your homework, join a club, play sports, and make lots of friends.*

Inspirational quotes are encouraged to write as well.

- *“Education is the most powerful weapon which you can use to change the world.” – Nelson Mandela*
- *“If you have good thoughts they will shine out of your face like sunbeams and you will always look lovely.” – Roald Dahl*
- *“Never give up on what you really want to do. The person with big dreams is more powerful than one with all the facts.” – Albert Einstein*
- *“You’re braver than you believe, and stronger than you seem, and smarter than you think.” – A.A. Milne/Christopher Robin*
- *“Why fit in when you were born to stand out?” -Dr. Seuss*
- *“When you reach for the stars you may not quite get one, but you won’t come up with a handful of mud either.” – Leo Burnett*

We appreciate your support in our effort to create and support educational opportunities that enrich the lives of children across the USA.
