Back 2 School America to Surprise Chicago Elementary School with Free Supplies for Every Student

Non-Profit Will Distribute 432 School Supply Kits to Students at Contest-Winning School to Enhance Academic Performance & Increase Students' Self Esteem

WHAT:

On Wednesday, September 21st at 9:30amCT, national non-profit Back 2 School America (B2SA) will surprise students at LEARN Campbell Charter School in Chicago's East Garfield Park neighborhood with the news that their school is one of the three winners of its 2022 "Win School Supplies for an Entire School" contest.

Pre-Kindergarten thru 8th grade students will be surprised by B2SA with the delivery of 432 free school supply kits (one for each student), brought to their classrooms on Wednesday morning, loaded with the core supplies they need for the year.

LEARN Campbell Charter School teacher Catie Sugrue submitted an entry to Back 2 School America's annual "Win School Supplies..." contest and the school was selected (alongside two other Chicago schools) from all of the applications submitted.

While most students strive for success in the classroom, it can sometimes prove difficult when they don't have the necessary school supplies. With B2SA's annual contest, underserved Chicago students from several winning schools are given the tools they need to thrive in the classroom. Providing them with these kits the first few weeks of school lets the students know that they deserve a good education and that others in their community care about them and their success.

Major funding of the “Win School Supplies for an Entire School” program is provided by Republic Bank.

About Back 2 School America (B2SA)

The Back 2 School program was launched in 2007 to address the pressing needs of communities and the inequities in educational opportunities for children. In 2015 the nonprofit changed its’ name to Back 2 School Illinois (B2SI) to reflect the work of the organization. In the summer of 2018, B2SI expanded and launched Back 2 School America, to provide Back 2 School kits to children across the USA.

Today, Back 2 School America (B2SA) continues to provide children of low-income households with free school supplies to help level the playing field and lessen the financial burden on their families and teachers.

Since its inception, the Back 2 School program has provided more than 325,000 children with their own school supply kits. The organization’s long-term goal is to make sure that all children in the USA are provided with the school supplies they need to succeed in the classroom and beyond.
